Stop chasing tenders, register with VSUPPORT for Tender Alert Service “Tenders Via VSUPPORT”

Sr.No	Why VSUPPORT Tender Alert Service ?	Reason
1	Tender consulting	If you do not have the expertise to manage government tendering business, you can bank on our Tender consulting services. You can hire our senior tender consultants who will work exclusively for you & help you track tenders, read documents, raise pre bid questions, find JV/Consortium partners, bid preparation, submission, negotiating & sub-contracting processes.
2	Email tender alert Service	Stop chasing tenders, subscribe VSUPPORT Tender Alert. You'll get all tenders of your choice emailed to you daily. Only those tenders that meet your search criteria i.e. Product/Service, Geography, Value, Tendering Authority, etc. will be emailed to you.
3	Access tenders from Web	You can access all Live & Archive tenders that meet's your search criteria under this plan. So if you are on the move or if you wish to know the procurement trends then you should opt for global web access plan. Features like i.e. Search Tender etc. will make your tendering process very convenient.
4	Intelligent data Crawlers	If you are wondering how we scan thousands of website daily, here's the secret. We deploy state of the art data crawlers/spiders which visit these websites & download tenders automatically. This nullifies the omission because of humans error. Each tender is then manually verified before it is shared with you. To know how many live tenders of your choice are available.
5	Get only relevant tenders	Your time is precious. Why spend it on scanning tenders, when you can spend it on winning tenders? You to customize your search filters by various parameters like keywords, location, geography, value, time, authority's industry e.g. all municipal corporations, Tender for buying, selling, lease, etc.
6	All types of tenders	You'll get access to all types of tenders published either in newspaper or on website. These can be public or limited tenders. Or funded or non-funded tenders. Or International or National competitive bidding i.e. ICB/NCB. You'll also get access to thousands of eTenders we track & enable.

7	Minutes of pre bid Meeting	You can access minutes of pre bid meeting if the same is publicly available. You can also avail our "attending pre bid meeting on your behalf" service such that we can raise the questions you may have, compile questions that were raised during meeting & list who all attended the meeting.
8	Government websites	You will never miss a tender published on tendering authorities website, as we track them too. We track websites of tendering authorities on regular basis for Tender updates. Thanks to millions of users like you.
9	Easy tender submission	You can bank on us to submit both online & offline bids. For online submission, you'll get the necessary training & help to procure a valid digital certificate. In case of offline bidding, you can get your bid submitted via our network of tender consultants. You can also get to know the list of participants & preliminary results.
10	Reverse auction notices (RA)	As a subscribers you can track all Reverse Auction floated in your category. You get best of both the worlds as over and above tracking the reverse auction we enable, we also track reverse auctions floated on other eProcurement websites. You can bid & easily win such opportunities.
11	Digital Signature Certificate (NEW/Renewal)	Provide Digital Signature Certificate of Class-2A,Class-2B,Class-3A,Class-3B for e-Tendering more secure and DGFT for smooth Import/Export transaction.
